*Nightfall at Kingston brings a different mood to the convict settlement. The stillness and the stars are there just as they were before mankind arrived in 1788. Norfolk Indulgence Tour

*We start the Indulgence Tour on the south-eastern side of Norfolk Island, at Ball Bay - just another stunning bay with magnificent ocean views! Here you will learn all about how we get fuel ashore, as this is where our supply is unloaded. We then move on to Steeles Point, to enjoy the sheltered valleys behind the coastal cliffs. You may even spot a White Fairy Tern nesting in the forest! From here, we head to the Captain Cook Monument, a scenic lookout where you will stand at the spot on the northern coast where Captain James Cook and his officers landed in 1774. It has some of the best sea views on the Island, with offshore rock formations like Bird Rock and Elephant Rock. We will finish the day the way all fantastic days should end - with wine, cheese & crackers on Mount Pitt. The Lookout gives a 360° view of the whole island, so it will be a picnic to remember!*
